### W. B. Yeats - Wikipedia

Yeats published his intricate and not completely systematic theories of personality and history in A Vision (1925; substantially revised in 1937), and some of the symbolic patterns (gyres, moon phases) provide important background to many of the poems and plays he wrote during the second half of his career.

### William Butler Yeats | Poetry Foundation

"The Second Coming" is a poem written by Irish poet W. B. Yeats in 1919, first printed in The Dial in November 1920, and afterwards included in his 1921 collection of verses Michael Robartes and the Dancer. The poem uses Christian imagery regarding the Apocalypse and Second Coming to allegorically describe the atmosphere of post-war Europe. It is considered a major work of modernist poetry and has been reprinted in several collections, including The Norton Anthology of Modern Poetry.
