They also have over one hundred different special collections ranging from American Lit to Western Philosophy. Worth a look.

## Events Management

Event management involves creating and developing large-scale events which might include conferences, conventions, concerts, trade shows, festivals, and ceremonies. Event management involves identifying the target audience, formulating the event concept, planning the overall logistics of the event and conducting project management of the event as a whole.

## What Is Event Management? - The Balance

At its most basic, event management is the process of using business management and organizational skills to envision, plan and execute social and business events. People who specialize in event management work with budgets, schedules, and vendors to create the best possible events for their clients.

### **Best Event Management Software | 2020 Reviews of the Most ...**

“Event management is the process by which events are conceived, planned, created and assessed. Events are brought to life by the project management of a series of well thought out plans and tasks. Events are experiential by their nature. So management of them means that you must immerse yourself in the event, and not just tick actions off a list. Good event management requires flexibility, strength of character and an ability to connect with people from all walks of life.”
